

Alice is Missing Character Questionnaire: Dakota Travis

Below is some information:

- You need to share the **Background** and **Relationship** information before we start playing.
- You must reveal your **Secret** in the chat, sometime during the game.
- Your **Motive** should guide your behavior in the chat.

Background: Alice has been your friend since middle school. Some people hate the opinion articles she writes for the school newspaper, but you think they're brilliant and funny.

Relationships:

- ***Whose "true feelings" do you secretly know about Alice?*** You know that **Evan** has a "crush" on Alice and that he doesn't have the courage to tell her.
- ***Who have you never gotten along with?*** You've never gotten along with Alice's brother **Jack**. He seems arrogant and selfish to you.

Secret #1: **Charlie** has cancer, and is back in town because he was transferred to the big hospital in your town. You know because your mom is a doctor there, and she told you.

Secret #2: The night before she disappeared, Alice and you sneaked out of your houses. She wanted to get drunk with you. You drank a bit with her, but she was still drinking when you left for home.

Motive: You fear the worst for Alice. Jump to conclusions, make conspiracy theories, and blame yourself for her disappearance.
