

Alice is Missing Character Questionnaire: Jack Briarwood

Your name is **Jack Briarwood**. You are Alice's *older brother*.

Below is some information:

- You need to share the **Background** and **Relationship** information before we start playing.
- You must reveal your **Secret** in the chat, sometime during the game.
- Your **Motive** should guide your behavior in the chat.

Background: Your home life with Alice has been difficult for the last few years, since your father died. Your mother did not handle it well, and she is becoming an abusive alcoholic. You even left last year for a while because it got so bad.

Relationships:

- ***Who do you think doesn't like you?*** You think Dakota doesn't like you. You think Alice complained about you to her.
- ***Who have you always wished was your friend?*** You always thought Charlie was a cool guy, and wanted to be friends, but your age difference prevented it.

Secret: The day before she vanished, you and Alice got into a serious argument. Alice said that school didn't matter, your family was ruined and she had no future. You got angry at her for giving up on life, and told her she *would* be a loser if that was her attitude.

Motive: You want to find who is to blame for Alice's disappearance. Someone is responsible, maybe even someone in the chat group.
