

Alice is Missing Character Questionnaire: Julia North

Your name is **Julia North**. You are Alice's **secret girlfriend**. Nobody in the group knows that you have a romantic relationship with Alice.

Below is some information:

- You need to share the **Background** and **Relationship** information before we start playing.
- You must reveal your **Secret** in the chat, sometime during the game.
- Your **Motive** should guide your behavior in the chat.

Background: You and Alice have known one another for years. You met in elementary school, though you went to different middle schools and only reconnected through soccer team this year.

Relationships:

- **Who do you know doesn't care about Alice as much as you do? Charlie.** When he moved away, he stopped contacting Alice, and it hurt her a lot.
- **Who do you feel like you should protect? Dakota** is weaker and more vulnerable than you, and this makes you want to protect her.

Secret 1: You and Alice have been a couple (dating) for three months now. You've kept it secret because Alice was worried about rumors and bullying in the school.

Secret 2: You recently received a creepy anonymous message about your romantic relationship with Alice. The creepiest detail was that the message included a picture of the two of you kissing in Alice's bedroom that someone took from outside the window.

Motive: You want to keep everyone calm. Make jokes, distract people from their worries, and do everything to bury your real fear: that something terrible has happened to Alice.
